EXPERIENCE

Charge Monitor Technician

Bon Secours St. Mary's Hospital

October 2021 - Present, Richmond, VA

- Oversaw and tracked cardiac rhythms for over 30 patients per shift using telemetry equipment, ensuring prompt reporting of arrhythmias to nursing staff, which contributed to a 15% improvement in patient response times.
- Communicated and coordinated with over 40 health care personnel on a daily basis to ensure continuous patient telemetry monitoring, leading to a 15% improvement in the early detection of cardiac events.
- Oversaw the training and management of 5 monitor technicians, maintaining 95% accuracy interpretation rate with new employees

Office Administrator

All-Access Services, LLC

June 2021 - September 2021, Richmond, VA

- Communicated with clients and debtors, managing over 200 cases and taking 50+ phone calls daily.
- Implemented new filing and scheduling system for active cases, substantially increasing efficiency.
- Coordinated with over 15 onsite personnel in scheduling car transport and lot inventory management.
- Trained 4 employees in current filing systems and processes for all clients.

Facility Supply Technician

Chippenham Medical Center

August 2018 - May 2021, Richmond, VA

- Processed the receiving and delivery of 200 packages daily.
- Collaborated with nursing directors on designing new supply rooms/strategies.
- Analyzed material usage patterns and adjusted supply parameters, decreasing stockout occurrence by 80%.

PROJECTS
